School Census

4. The statistics in this press release have been derived from the annual School Census; details about the survey may be found at <http://www.statistics.gov.uk/STATBASE/Source.asp?vlnk=1028&More=Y>. For voluntary and private pre-school centres, and nursery schools, the census consists of a paper return comprising a number of tables; for post-primary, primary and special schools, it consists of a return comprising individual pupil records, made by Electronic Data Interchange.
5. The 2008/09 figures in this press release are based on information as at 10th October 2008. They may be subject to minor revision.
6. The figures for nursery *classes* relate to approved nursery classes in primary schools. The figures for reception refer to pupils who were below compulsory school age at 1st July 2008, who were admitted to a reception class or group in primary school following their 4th birthday. Schools may admit reception pupils throughout the year, but only those who have been admitted by 31st October are counted in the school census.

1. For pupils and children in the nursery sector and in voluntary and private pre-school centres, where free school meal entitlement data is not appropriate, the number of pupils with (a) parent(s) in receipt of Job Seeker's allowance or Income Support is used instead of free school meal entitlement.

2. Voluntary and private centres funded under the Pre-school Education Expansion Programme, which began in 1998/99.

3. Free school meal entitlement data is not collected for pupils at special schools, hospital schools or at independent schools.

4. " - " means zero cases.

5. From 2006/07, children in nursery classes in primary schools were counted as eligible for free school meals if they had a parent(s) in receipt of Job Seeker's allowance or Income Support, or their application for free school meals had been approved.

6. These figures may be subject to minor revision once the Education and Library Boards' auditing process is completed.
