Gin Juin 2012, schuils will hae haen three yeir or mair o implement for ilka yeir curn.

Why a revised curriculum? What are the benefits for my child?

We bides in chyngean tymes, an the schuil curriculum needan tae chynge wi thaim. The revised curriculum will gie bairns a better buskin for the lyfe an the wark in the 21t hunneryeir, giean thaim the leir an skeils thay ar needan.

Twathree things besna chyngean. The airts happit frae the revised curriculum is, afore aa, the lyke o thaim happit unner the curriculum afore. Bringan on yeir bairns ken an forstaundin will gae on bean a heid ettle. An thar will be a strang focus tae the readin, writin an maths, as bes at the mids o yeir bairns forder in the leir an the lyfe efter.

Whit bes chyngean is at, no lyke in the curriculum afore, the inby for ilka airt isna sat out in a muckle detail. Thar nou mair emphasis tae the oncum o the skeils yeir bairn bes needan – as bes, whit thay can dae, no juist whit thay knaws an forstaunds.

The Foundation Stage is meanan at it bes easier for dominies tae gie yeir bairn inlets, an thaim

stairtan at the schuil, for tae learn in practical roads, for ensaumple, comprehendan outsat play daeins. This will gie thaim a haund wi the oncum o thair literacie an numeracie skeils, comprehendan thair readin an thair talkit langage. It is meanan at dominies can gie yeir bairn a haund wi the learnin in a fun wey, fingan thair imagination an helpan thaim wi enjyeen the learnin.

An us no settan out the inby o the curriculum in sae muckle detail, schuils/dominies will hae mair flexibilitie anent the wey thay delivers the curriculum for tae win tae bairns needs.

Dominies, wi gan wi the revised curriculum, will gae on wi the focus on the helpin o yeir bairn gan foreairt in aa airts o the curriculum an will hauld up the oncum o yeir bairn's skeils. This comprehends the kin skeils at thaim giean out employ bes leukan, the lyke o the heid skeils o the readin, writin an maths, skeils in ICT (Information and Communications Technology), the abilitie for tae cum owre weil, wark wi ithers, an reddan problems up.

Aa this will gie yeir bairn better buskin for the lyfe an the wark in a chyngaan warld.

Aa bairns haes the richt tae a braid an balanced leir, at thay will get wi the revised curriculum. For bairns as gaes throu sweir learnin pynts, dominies will wirk wi ye as parents for tae identifee bairns needs an tak action for tae redd thaim up. An yeir bairn haean byordinar leir needs, cumman frae sweir learnin pynts, the schuil will pit in an aefauld leir ploy. An the byordinar

leir needs bean gey muckle, the schuil cud leuk rede, uphau'd or a pruiw frae the hamelie Leir an Librarie Buir'd.

Whit airts will the revised curriculum hap owre?
